

IMAGO Edu Board

Unlocking The Technology of Future Education

IMAGO Flash

IMAGO Flash is IMAGO's proprietary video conference application built with rich capabilities and usability that promote consistent performance and user experience across any device and platform. IMAGO Flash is a fully secured, instant collaboration tool for effective virtual/ hybrid classroom. IMAGO Flash enables seamless experience of setting up or joining a video call at your fingertips, wherever, whenever with just 1 single application.

Why IMAGO Flash?

- Instant Virtual Classroom – Join or host a virtual / hybrid classroom in seconds.
- Supports any web browser on any devices – No additional application or plugin is required for host or participants.
- Scalability and higher video quality for education collaboration with Hybrid private cloud.
- Seamless YouTube video sharing.
- Built-in collaborative whiteboard (IMAGO Collab) with co-editing feature.
- Comes with interactive polling feature & break out rooms for education purposes.

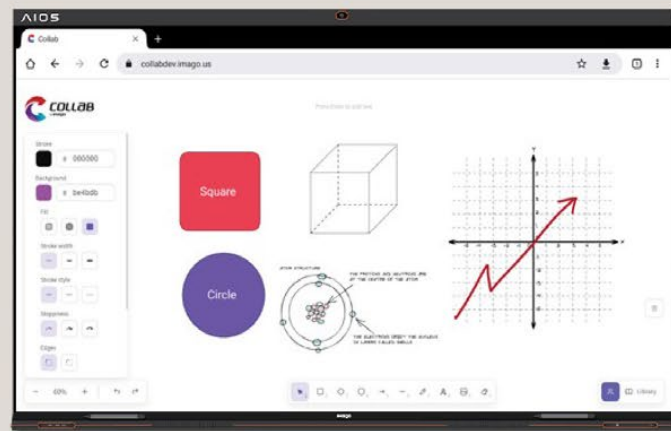

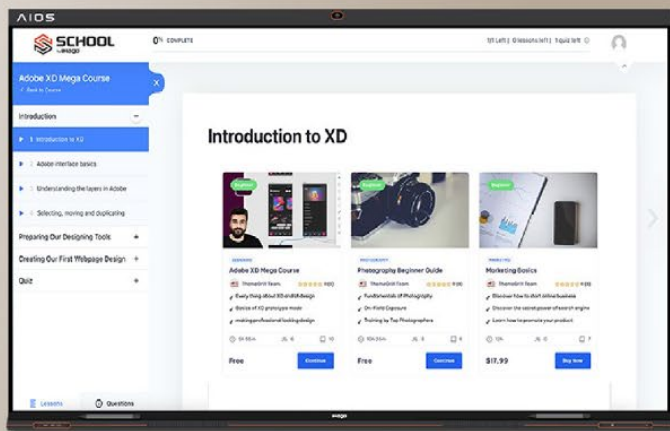

IMAGO Smart Present

IMAGO Smart Present is built to scale, it provides educators with the tools they need to have a seamless experience of a traditional physical classroom, moderate how students engage either in 1:1 mode or group collaboration, educators can easily manage their class's learning on school or BYOD devices, monitor students' activities and evaluate performance in real-time, by moderating which students get to share their screen, collaborate, provide individual or group assistance and implement collaborative learning methodologies.

IMAGO Smart Present Classroom Management allow educators to focus on teaching, streamline the learning experience and keep their finger on the classroom pulse. IMAGO Smart Present elevate the traditional classroom experience to the innovative pedagogies of the future.

IMAGO Smart Present supports collaboration from any device, making your interaction with any IMAGO all-in-one systems easy.

- A Classroom Management & collaboration tool for interactive & fun learning.
- Share your idea effortlessly with real-time screen mirroring, up to 9 devices.
- Comes with moderator control with Reverse Broadcast up to 100 devices or more.
- Sharing is made even easier with high compatibility with multiple OS: Android, iOS, Windows, Mac & Chrome.

IMAGO School

IMAGO School is a feature-rich all-in-one education platform built for course creators, coaches, teachers and schools. It is also where lifelong learners come to acquire the skills they need to land their dream jobs and build the lives they deserve.

From school creation to course creation, IMAGO School provides the the easiest ways to automate your pedagogical processes.

More than just an ordinary learning management system (LMS), with IMAGO School, you enjoy:

- Automated processes for your virtual school and course creation.
- Simplified classroom and student management processes such as class scheduling, reminders, attendance tracking, gamification, payment, and more.

IMAGO School is set to revolutionise teaching and learning online with tools that empower educators to share their expertise and learners to discover their potential.

IMAGO Collab

A virtual whiteboard for live collaborations with a feature-rich library.

IMAGO Collab is a lightweight virtual whiteboard that enables distributed teams to work together effectively and seamlessly.

Compatible with any device and browsers.

IMAGO Collab works on any device, from laptops to desktops, tablets, and mobile devices. It is also optimised for all browsers from Chrome to Safari and Edge.

Never too Far to Collaborate.

Collab empowers remote, onsite, and hybrid teams to communicate and collaborate across various formats, tools, channels, and time zones - without the constraints of a physical location, meeting space and whiteboards.

Supercharge Your Brainstorming Sessions.

IMAGO Collab is equipped with templates and a feature-rich sketching library to facilitate effective brainstorming sessions or team discussions. For example, users can start their brainstorming session quickly and efficiently by simply importing their favourite brainstorming or mind-mapping templates from the library without having to create one from scratch.

IMAGO Proctor

Control, Automate And Manage With Confidence.

An Easier Way to Manage and Maintain Your Classroom Investment.

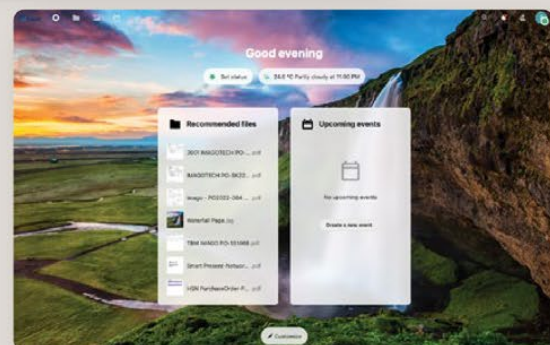

Deploying a fleet of IMAGO Edu Boards (Interactive Flat Panels) in your classroom is possibly one of the most significant investments in any educational institution. You will need an equally sophisticated yet easy-to-use solution to centrally manage and control your technology landscape at all times.

Take Control and Trouble Shoot Remotely.

A highly tech-savvy and connected learning environment may present its own set of challenges where it also encourages unwanted "guests" or troublemakers who will try to tinker with device settings, causing devices to fail.

To allow teachers to focus and students to engage and do more, IMAGO Proctor offers the automated convenience of implementing patches, updates, and device configurations to address these challenges remotely.

- Unified Operations, wherever and whenever.
- Protect Your Devices, Users and Data.
- Software Management Made Easy.

IMAGO Work

A Secured & Reliable File-Sharing & Collaboration Solution.

IMAGO Work is a secured and reliable productivity platform for file sharing that keeps team members in sync by allowing users to collaborate in a real-time manner on documents and project files.

IMAGO Work is equipped with rich collaboration features that empower remote and distributed teams to teach and learn effectively despite the distance.

These features include file preview, file access control, file locking, online editing with remote collaboration, user management and single sign-on, cross-platform file syncing, data backup and recovery.

SPECIFICATIONS

Model	IMB-65-EDU	IMB-75-EDU	IMB-86-EDU
DISPLAY			
Diagonal Screen Size	65"	75"	86"
Light Source	LED		
Brightness	400 cd/sq.m.		
Contrast	5000:1		
Resolution	3840 x 2160 (4K)		
Response Time	6ms		
Viewing Angle	178°		
Display Colour	10 bits		
Screen Protection	4mm Toughened Glass Surface Protection		
RGB Signal	VGA/ SVGA/DXVGA/SXGA/WUXGA		
CONNECTIVITY (INPUT)			
HDMI Input 2.0	x2		
Display Port	x1		
Audio Input	x1		
USB C	x2		
USB 2.0	x1		
USB 3.0	x4		
Ethernet LAN (RJ45)	x1		
Touch USB	x3		
RS232	x1		
DIP Touch	x1		
CONNECTIVITY (OUTPUT)			
HDMI Output 2.0	x1		
Audio Output (3.5mm)	x1		
Ethernet LAN (RJ45)	x1		
INTERACTIVE PARAMETER			
Touch Surface	Anti-Break		
Touch Sensor	IR		
Touch Point	20 points		
Writing Tool	Pen or Finger		
Touch Resolution	32767 x 32767		
Response Time	Less than 8ms		
Cursor Speed	125 point/s		
Positioning Accuracy	1mm		
Interface to Computer (External)	USB (Touch Out) x 2		
SOUND			
Built-in Speakers	2 x 20 watts , 1 x 20 watts subwoofer		
Built-in Microphones	6x built-in beamforming microphones coverage up to 10 meters, supported wide band audio & echo cancellation		
CAMERA			
Built-in Camera	8 Megapixels , 104 wide angle		
Camera Resolution	FHD (1920x1080p)		
Camera Adjustment	15° Vertical Adjustment		
OPS Processing (Optional)			
Processor	Intel Core i5 / Core i7 (11th Gen)		
RAM	8 GB / 16 GB		
Storage	128 GB / 256 GB SSD		
LAN Port	x1		
WiFi	2.4Ghz & 5Ghz		
ANDROID Processing			
Processor	Octa-Core with pair of Quadcore A73 & A53 (Each Core 2.28GHz)		
Graphics Processor	Octa-Core Mali-G52		
RAM	4GB		
Storage	32GB
